

Used Machine

Belt conveyor

ready-to-use condition

23,575 Euro net.

- Conveyed material: bulk material, e.g. steelworks slag, 0-150 mm, 25-30 t/h, 2 t/m³
- Type: 800 x 16,000 mm,
- Axle length: 16,000 mm
- Conveyor width: 800 mm (useful width: 700 mm)
- Section: Roller conveyor with inlet - sheet metal profile construction
- Belt: EP400/3 with studs, H = 40 mm
- Drive: SEW, cold conductor, 400 V / 50 Hz / IE3
- Drive drum: approx. 272 mm, with rubber
- Clamping drum: approx. 272 mm
- Band speed: approx. 0.8 m/s at 50 Hz
- Scraper: No
- Schurre: Yes, incl. adapter for Trellex dustcloth
- Supports: adjustable +/- 50 mm
- Side walls: approx. 250 mm high
- Belt cover: Yes
- Underbelt cover: Yes
- Cable pull switch: Two-sided, Siemens
- Rotary guard: IFM IFS 204
- Skew run guard: 2 pcs.
- Terminal box: Yes, incl. pre-wiring of motor, cable pull switch, rotary guard and misalignment guard
